

MU: UDL & U Campaign

Maynooth University colleagues are discussing the MU: UDL & U Campaign.

The MU: UDL & U Campaign.
4 Steps in 4 Weeks!

It's simple.

Great! But what does it really involve?

The UDL T&L Fellows explain the campaign.

Step 1 is learning about 'What is Universal Design for Learning or UDL'.

Step 2 is getting some ideas about making small changes in your practice. We call these Plus Ones.

Excellent. I get it! What do you think will change because of this campaign?

Steps 3 and 4 are trying out a Plus One and sharing that experience.

We hope that people will know more about UDL and use it in their practice.

And that learning will be more inclusive for all students.

Four small steps to make a big difference.

Sounds great. I'm in for the MU: UDL & U Campaign.
